

# CXC SESSIONS

## WHAT IS IT?

SAT CXC Sessions is a basic SAT review and preparation session that helps support the CXC team. The program allows students to take practice tests for the SAT I course in a testing environment during exam days (Tuesday). Vocabulary development will also be included with assigned vocabulary words on a weekly basis. Thursday will be used for review of the exams and also to review vocabulary. Each student will also be assigned one practice exam to complete for homework each weekend for review on Thursday. Using peer review, students will collaborate as they review their graded exams.

Students who may want to study for the exam on their own, whether because of time or money, but may not have the discipline to do so, can take these sessions with fellow cross country peers and prepare for the SAT! Your coaches and fellow peers are ready to help you prepare! Don't miss out on this great opportunity! Students must sign up by June 30, 2011 in order to ensure the on time delivery of your book.
