The Story Behind the Great Cow Run

In 1956, the area currently known as Cerritos was incorporated as Dairy Valley. On any given day, you could see cows roaming around the city and the aroma in the morning was not the greatest of wake up calls.

Although the city has developed from those times with the construction of the world famous Cerritos Auto Square, the Los Cerritos Center, the Cerritos Towne Center, the Cerritos Center for the Performing Arts and the Cerritos Millennium Library, the city's roots still roam around the city, as the city's transportation system, the COW (Cerritos on Wheels) allows residents to get from one point of the city to another.

The Cerritos Millennium Library was the first public titanium buildings in the continent of North America and cost an estimated \$40 million dollars to construct. Adjacent to the library is the newly created sculpture garden where residents can enjoy the aesthetics of the sculpture art on display.

Year in and year out, the city of Cerritos also is recognized for their excellence in the Tournament of Roses Parade, a proud moment for the city. Also, the city is recognized as a Tree City USA for its emphasis on a park-like atmosphere.

The city has been known to be the second highest retailer in California and was named one of the most diverse cities of its size by a study of Cal Sate Northridge. The city was also one of the first cities to offer city-wide broadband services to its residents at any location in the city, including in their own COW buses.

Cerritos High School is able to boast about its successful alumni's including UCLA Men's Basketball Coach, Ben Howland, Major League Soccer Player Marcelo Balboa, and Blind Date Host, Roger Lodge, just to name a few. The city also was home to the well-known quarterback, Troy Aikman and also to former first lady, Pat Nixon. It also is the home of current celebrities such as Park JaeHyung (Day6), Yoshi & Peter Sudarso (Power Rangers – Former CXC Athletes), Justin Min (Ben – Umbrella Academy), Han Ye-Seul, Roger Lodge (Blind Date/Angels) and Narmak (YouTube Animator).

Also movies such as She's All That, Wayne's World and Coneheads have been shot partially within the city as well as shows such as Dexter and AHS.

With so much progress in recent times, it's hard to imagine that the city began as a dairy farming area, as in where we stand right now, could have been the place that the cows formerly of Dairy Valley called home! Thus, the birth of the Great Cow Run!

In Memory Of ...

Darren Craig Higashi

Darren Craig Higashi graduated from Cerritos High School. Darren was an avid golfer and was a member of the CIF Championship Golf Team at Cerritos High School. Darren went on to play golf at Long Beach City College. Darren's love of the outdoors and the game of golf lead him to a job at the Cerritos Iron-Wood Nine Golf Course as a Recreation Leader II (part time) in June of 1990. Darren's outstanding customer service and public relations skills were appreciated by all who came into contact with him. In July of 1999, Darren landed a full time position as a Park Gardener I with the City of Cerritos. Each day, Darren tried to make everything a little better than he found it. His love for his job and the City of Cerritos was surpassed only by his love for his daughter Danika, mom Tomoko, dad Doug and friends.

In August of 2007, Darren was killed tragically in an automobile accident on his way to work. His caring, sensitivity and compassion are his legacy. Kind words, a gentle smile and a helping hand was his way of making a difference in the lives of the people in our community every day. Darren has truly been missed! His memory will live on through events like the Higashi Roman Memorial Run. Darren's family and friends would like to thank you for bestowing this great honor on such a deserving individual.

Regina Nicole Roman

Regina Nicole Roman was a student at Cerritos High School. Regina Nicole joined the track and field team during the second semester of her freshman year. What stood out the most about Regina Nicole is that in all that she did, she put forth her best effort, no matter how she was performing in comparison to others. Her determination and wonderful attitude led the list of wonderful traits that Regina Nicole possessed. In addition to her involvement with cross country and track & field, Regina Nicole was an officer of the class of 2010. As an officer, Regina Nicole worked hard to ensure the success of the class.

As we remember and celebrate the life of Regina Nicole Roman, images of her smile, the laughter that passed through her as she performed in Mammoth and while participating in activities in ASB Camp, and that determination that she showed on all the tough runs in Mammoth run through my mind. Although in August of 2007, the life of Regina Nicole was cut short, the memory of Regina Nicole will live on forever, as she has instilled the term *Ohana* in the members of the Cerritos Cross Country team. Thank you for taking the time to remember the wonderful life of our angel, Regina Nicole Roman.
