PRECAMP MISSION: (See Schedule Above)

Each condo will complete a short informational presentation on the animals within their kingdoms (themes). The three to five minute presentations must be factual, however, may incorporate other items to keep the people entertained. Inform us about the many mysteries that the animal kingdom has to offer!

MISSION #1: It's a Jungle Out There – Tuesday, August 9

The musical "It's a Jungle Out There" is coming to town and it's up to you to perform one of the scenes of the musical representing your kingdom (theme). Your portion of the musical should be at least five minutes long and no longer that twelve minutes including setup. Use your chosen focus within your theme to tell us the story of your animals using music as the basis! Dance, sing, act - no matter what you choose, make sure you come ready to PERFORM!

Try to be original and create your own setting, style and even words/music, and don't forget that any type of appropriate entertainment is acceptable. (Do not be offensive or obsene.) Clothing, sets, props, lighting and more is optional but probably necessary to take this event, which is worth mucho, mucho points!

How you do it is up to you, however, you must include **ALL** group members and **you must keep the noise to a minimum**, including jumping on the floor. Make sure it's entertaining no matter how you choose to represent your kingdom (theme)! Don't forget that entertainment finds a way to connect with the audience!
